

Dear CDCES Community,

We know that there are many of you who are continuing to provide care for people with or at risk for diabetes. Some people with diabetes are counting on our support to help ensure their diabetes continues to be well managed amidst the stress, physical distancing restrictions, and changes to the way they must interact with the healthcare system struggling under the burden of the pandemic. We hope you and your families are continuing to stay safe and healthy.

We're proud of the work that the CDCES community provides and we'd like to hear from you. We'd like to highlight the work done by CDCESs and recognize positive efforts by CDCESs, their team members, workplaces, and communities during this unprecedented time. [Please take a few minutes to provide responses to a short survey available by clicking here.](#)

The first 100 respondents who complete the survey and provide their contact information will receive a \$5 Amazon e-gift card. The CBDCE Board of Directors and staff continue to keep all of you in our thoughts as we persevere together.

#CDCES #BeyondEducation #SoMuchMore

Kind regards,
