CBDCE Announces Recipients of the Mentor Spotlight Award

(Arlington Heights, IL – October 2021) – On behalf of the Certification Board for Diabetes Care and Education (CBDCE) and the Awards Committee, we are pleased to announce the recipients for the inaugural 2020 and 2021 Mentor Spotlight Award Program (program).

The 2020 award was presented to Ann Marie Hasse, RN, CDCES (NY) and Deborah Redd, RN, CDCES, CPT (IL) received the 2021 award. Congratulations to Ann Marie and Deborah for receiving the award and for demonstrating outstanding mentorship to mentees who are interested in sitting for the Certified Diabetes Care and Education Specialist (CDCES) certification exam.

CBDCE is pleased to recognize the support and dedication demonstrated by these two individuals to grow the number of CDCESs and for participating in the Mentorship Program. We will recognize the recipients at a future CBDCE leadership reception during the annual meeting of the Association of Diabetes Care and Education Specialists (ADCES).

In order to qualify for the Mentor Spotlight Award, nominees must actively take part in the program as a mentor, maintain CDCES active certification status, and be in good standing. Active CDCESs can participate in the program as mentors. Being a mentor is personally and professionally rewarding and CBDCE can count the volunteer activities as hours toward the renewal of the CDCES certification. For more information on the Mentorship Program, please visit: <https://www.cbdce.org/mentorship-program>.

About CBDCE:

CBDCE, formed in 1986 and celebrating its 35th anniversary this year, is a national not-for-profit certifying board that administers the Certified Diabetes Care and Education Specialist (CDCES) program. The CDCES program is accredited by the National Commission for Certifying Agencies, and over 19,690 health professionals in the diabetes care and education community hold the CDCES credential. CBDCE's mission is to promote comprehensive and ongoing quality diabetes clinical management, education, prevention and support by defining, developing, maintaining, and protecting the certification and credentialing processes. Learn more at www.cbdce.org or connect with us on Facebook (CertifiedDiabetesEducators) and LinkedIn (Certification Board for Diabetes Care and Education).
